

Dominio de la Abadesa Crianza 2016 Ribera del Duero

Climate Conditions: Continental Climate; Cold winters (13°C) and Warm summers (40°C) with an extreme temperature shift between day and night.

Altitude: 800 - 900 meters

Variety: 100% Tinta del País (Tempranillo).

Vine Age: 35 - 40 years old.

Aging Regime: 85% American oak and 15% French oak barrel for 12 months + 12 months in bottle prior to release.

We have owned our vineyard land and small winery in Ribera del Duero, located just outside of the small town of Sotillo, for just over nine years. We have fallen in love with the region and its unique expression of our most beloved and important grape variety - Tempranillo. We look forward to working with this land in expressing it's character for many generations to come.
