Grumello Rocca de Piro 2019 DOCG Valtellina Superiore

Castel Grumello, the property of the De Piro family in the fourteenth century, is a twin fortress, consisting of two separate complexes once joined by walls, overlooking the hill with Nebbiolo from the Alps vineyards.

It gives its name to this wine, which is made with grapes from the two company-owned vineyards in the Grumello area. In years when low levels of tannins suggest brief ageing in large barrels, the Valtellina Superiore Grumello Rocca De Piro DOCG is always surprising for the speed with which it becomes ready to drink. And from the moment it makes its debut on the table, it is always on the spot: ready to drink, but also perfect for ageing with the reserves in the cellar.
